# Understanding your skills shortage and we have capabilities to source the right candidate

---

Our approach to solving clients' challenges focuses on being specialists at what we do, working in targeted skills and a combination of our experience and knowledge.

## Who we are

ISA Group is an Australian company with a global presence in immigration, recruitment and human resources solutions.

We specialise in both executive search and in technical operational roles. We find the highest calibre candidates across a range of industries. We excel in one-off placements to bulk recruitment.

Our head office is in Perth Western Australia with branches in Philippines, United Kingdom, China and New Zealand.

## Our difference and expertise sets us apart

We partner with you on a day-to-day basis until your problems are solved. We have more than a decade of experience placing thousands of Philippine workers around the world. We specialise in technical recruiting from operations to engineering.

## Our team

Our team of 25 staff with multilingual verbal and written skills are experts in identifying and securing the best talents because we understand your business from the inside out.

## Our solutions

We assist with the development of talent and teams from initial conception to completion and ongoing management within your budget and in compliance with standards and requirements.

## What we do

We work closely with you to solve your strategic human capital needs as we want to give you the best to assist your company in keeping its competitive edge. We source and find the candidates scouring the global market to identify the right skills for your team. We are ethical and complete our job within budgets and on time.

We specialise in recruiting for a number of industries with a focus on key skills in manufacturing, construction, hospitality, agriculture and engineering.

## Our values

We pride ourselves on our highest professional ethics and our integrity. We are result oriented and understand the value of good customer service. We have strict Codes of Conduct and Privacy Policy that guides us in all our business dealings.

## Explore talents

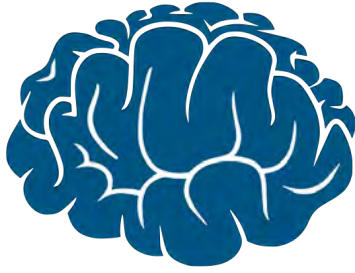

We help you find the people you need to manage your new positions, project delivery skills and we understand the critical need to deliver timely results and within budget.

We know how to tap the talent reserves and explore the unseen opportunities.
